

Safety regulations applicable to all residents of the CUT Student Housing Complex due to the current epidemic

Art. 1

Safety regulations

1. The following regulations apply to the whole area of the Student Housing Complex:
 - 1) all types of gatherings or organized events, etc. are prohibited,
 - 2) all persons other than: CUT employees, residents, persons running businesses and their customers and employees of organizations providing services to the Student Housing Complex, are prohibited from staying within the area,
2. The following regulations apply on the premises of individual Student Residence Halls:
 - 1) all persons entering the SRH must disinfect their hands,
 - 2) all persons must cover their mouth and nose with face masks or protective face shields when staying in the common area,
 - 3) safe distance must be maintained between persons staying in the common area,
 - 4) all visits at the SRHs are prohibited (including visits between residence halls); the only persons allowed to stay on the premises are: residents of the given SRH, CUT employees and employees of organizations providing services to the Student Housing Complex,
 - 5) the number of persons using the kitchen area at the same time is limited to maximum 3 persons,
 - 6) the number of persons using the common rooms (fitness, TV, billiards, cinema, gym) at the same time is limited to maximum 2 persons; the use of the common rooms must comply with the currently applicable guidelines issued by the Chief Sanitary Inspectorate pertaining to cultural events; the administration of a residence hall may decide to lock up temporarily a given common room (make it temporarily inaccessible) – in the case of an increased risk related to the SARS-CoV-2 virus,
3. The following information will be displayed at visible places on the premises of Student Residence Halls:
 - 1) information on the obligation to observe strictly the rules on hand washing, the hygiene procedure to be followed while coughing and sneezing, avoiding touching the mouth, nose and eyes with hands, absolute prohibition of close contact with ill persons, particularly demonstrating symptoms of the respiratory system illness,
 - 2) information on telephone numbers to be used in emergency,

- 3) in the generally accessible bathrooms, toilets and kitchens – instructions how to wash hands, and at disinfectant dispensers – instructions how to disinfect hands.
4. It is recommended that SRH residents should contact the complex and/or individual SRHs administration employees via email or telephone (whenever possible).

Art. 2

Regulations applicable in the case of a coronavirus infection identified on the premises of the CUT Student Housing Complex

1. All residents of the CUT Student Housing Complex who experience symptoms suggesting SARS-CoV-19 coronavirus infection, must immediately contact a GP (the primary health care doctor) and follow their recommendations, as well as notify the administration of their student residence hall.
2. All residents of the CUT Student Housing Complex who obtain information that they have tested positive for the SARS-CoV-19 coronavirus, and will therefore be taken to hospital or go into quarantine, must immediately notify the administration of their student residence hall of this fact.
3. The student residence hall administration employees immediately notify the manager of the CUT Student Housing Complex of this fact, and the manager notifies his/her immediate superiors.
4. In the case of identifying persons infected with the coronavirus on the premises of the student residence halls, the administration of the CUT Student Housing Complex is obliged to follow the guidelines issued by the Poviast Sanitary and Epidemiological Station (PSSE). The PSSE decides who has to go into quarantine and if there is a need for the whole floor/the whole SRH to go into quarantine.
5. If the administration of the CUT Student Housing Complex has no decision issued by the PSSE regarding the procedure of dealing with persons in quarantine or ill persons, these persons will be transferred to a place specially prepared on the premises of the Student Housing Complex for the duration of the quarantine, i.e. to one of the rooms referred to in point 6.
6. The following rooms have been prepared on the premises of the CUT Student Housing Complex to serve as places of isolation:
 - In SRH B-1 in Bydgoska street - 7 rooms located on the ground floor, each room will be used by 1 person only; each room has an *en-suite* bathroom and a kitchenette,
 - In SRH 3, at 7 Skarżyńskiego street, the whole fourth floor (max. 6 persons).
7. The places of isolation will be additionally supplied with personal protection equipment and disinfectant, and they will be marked out visibly for the remaining residents and employees to see. The places will have access to the Internet.

8. Persons residing in the places of isolation will remain in e-mail and telephone contact with the Student Housing Complex administration within their working hours.
9. If quarantine has to be introduced or a person with the coronavirus infection has been identified on the premises of one of the SRHs, the CUT Student Housing Complex administration may, if necessary, hire external companies to ensure that the infected persons or persons in quarantine have been provided with adequate living, sanitary and safety conditions.
